

Letter from the President

A big thank you to all of our 2021 Street Fest sponsors, vendors, and volunteers! We hope next year's Street Fest will grow even larger than this record-breaking year.

I also wanted to take a moment to recognize all of the new(er) businesses that have made (or plan to make) Bates-Hendricks their home within the past year or so. We are proud to have such a thriving business community within our neighborhood!

SENSE Kindergarteners Learn About Story Concepts

Students in Kindergarten at SENSE Charter School were learning about the concepts of character and setting. Students were able to state that "characters" were the people, animals, and creatures in a story. They also were able to state that "setting" is where and when the story happens.

The Kindergarten students practiced these skills with stories written by author Mo Williams. These stories included the book "There's a Bird On Your Head!". In this story, the character Piggie helps his friend Gerald the Elephant get a bird's nest off of his head after the birds decided to build there. The students created nest hats made from cardboard bowls and small pieces of

brown paper. They also glued birds inside of the bowls and then wore them as hats!

Students were able to use these hats to help remember and recall the characters and setting of the story, a skill that is important to learn in Kindergarten to help students retell stories. The students were proud to show off their nest hats and retell the characters and settings to other teachers and students in the building. These kinds of activities make learning fun.
